Dear Student,

What are some things that you LOVE about piano lessons?

What are some things that you DON'T LOVE about piano lessons? (it's ok to not love all of it)

Do you have any favorite pieces you would like to learn to play?

Are you feeling frustrated with anything specific (note reading, practicing etc...)?

Dear Parent,

Do you feel like you know how to effectively help your student at home during practice?

Do you have any specific questions or concerns so far?

Do you have any suggestions that might help me teach your student more effectively?
