

PIANO SUMMER SURVIVAL

How do I survive a summer without piano lessons AND remember everything I've worked so hard to achieve?!?! 

here's how!

-  Play through your Memory List often! Perform for family, at church or anywhere else you can find a piano!
-  Play on the computer or iPad!
tonitutor.com or any app we've played this year (see website for links— some are free and some must be purchased)
-  Play Technique Games to keep your scales, arpeggios and chord inversions under your fingers (see Games sheet for ideas)
-  Go through your flashcards and make a game out of them (see Games sheet for ideas)
-  **PLAY, PLAY, PLAY!!!** Keep those fingers moving!!
