

# You missed a lesson!!!!!!

## Don't panic...

There are plenty of things to do this week

- 1) Mrs. Winslow will send email your assignment for the week. Print and put in your binder in front of the rest of your assignment sheets. Record your practice time for the week as usual. You don't want miss out on 2 WEEKS of recorded practice time just because you've missed a lesson.
  
- 2) Continue to practice your assignment from last week as well. Can you think of ways to make it even better?
  - \* more dynamics
  - \* memorize it if it's a favorite you want to add to your Memory List
  - \* can you speed it up if the tempo calls for it?
  - \* can you play it without pauses? If not, use your "3 times arrow" and work the piece in small chunks or lines
  
- 3) This is a good time to work on things like Technique, Memory, Listening and Theory.
  - \* play a technique game to review your exercises (use your technique cards)
  - \* catch up on theory pages if you're behind
  - \* make sure you know your Memory List pieces like the back of your hand
  - \* listen to your lesson book CD (keeping it in the car seems to be the most beneficial!)
